

eprosima::fastdds::
dds::TopicDataType

```
graph BT; BatteryVoltagePubSubType --> eprosima::fastdds::dds::TopicDataType
```

The diagram illustrates a class inheritance relationship. At the bottom is a box labeled 'BatteryVoltagePubSubType'. A blue arrow points upwards from this box to a box above it labeled 'eprosima::fastdds::dds::TopicDataType'. This indicates that 'BatteryVoltagePubSubType' inherits from 'eprosima::fastdds::dds::TopicDataType'.
